INTRODUCING GEOMAR-BIOTECH: AN ON-SITE SEMINAR

Prof. Deniz Tasdemir, GEOMAR

Dr. Martina Blümel, GEOMAR

16th March 2018 | 09:00 – 13:00 h

Ever wondered what goes on at GEOMAR Biotech – a state-of-the-art facility at Kiel's waterfront?

From organism to compound – at this on-site seminar participants will dig into the work of the GEOMAR Center for Marine Biotechnology.

Learn how scientists target specific marine organisms, extract compounds and reproduce them for medical or other applications. This seminar shows you exciting new biotechnology right here in Kiel!

The seminar is for everyone interested in blue biotechnology! Don't be hesitant to join if you are not a chemist or biologist.

Contents:

- | Introduction to GEOMAR Biotech
- | Lecture on blue biotechnology by Deniz Tasdemir
- | Guided Tour through the facility
- | Scientists show and explain their methods and state-of-the-art technologies

Venue: *GEOMAR-Biotech, Am Kiel-Kanal 44*

Usually, child care can be provided – please get in touch with us as soon as possible.
